

Robert "Hollywood" Rhodes

Studio Specifications 2026

Street Cred and Well Said

Signal Chain

Microphones: Primary: Sennheiser 416 shotgun. Secondary: Sphere DLX & LX modeling microphone systems.

Interface and conversion: Dual Universal Audio Apollo x6 interfaces for high-fidelity AD/DA conversion and near-zero latency.

Monitoring: Precision monitoring for accurate mix translation.

Digital Suite

Software: Steinberg Nuendo for post-production and Steinberg WaveLab for mastering and editing.

Delivery formats: 24-bit / 48 kHz standard, or per client specification.

File transfer: Secure FTP and Dropbox delivery.

Connectivity and Remote Sessions

Source-Connect: Real-time, broadcast-quality remote direction.

Phone patch: High-quality phone bridge for live direction.

Turnaround: Same-day delivery on most projects when scheduling allows, from a dedicated, acoustic-treated professional environment.

Production Heritage

Sonic identity: Urban Resonance and a Velvet Voice with movie star charm.

Select credits: ESPN, Netflix, Disney+, and Monday Night Football.
